Toyota Kenya | Safari Rally Sustenance Campaign

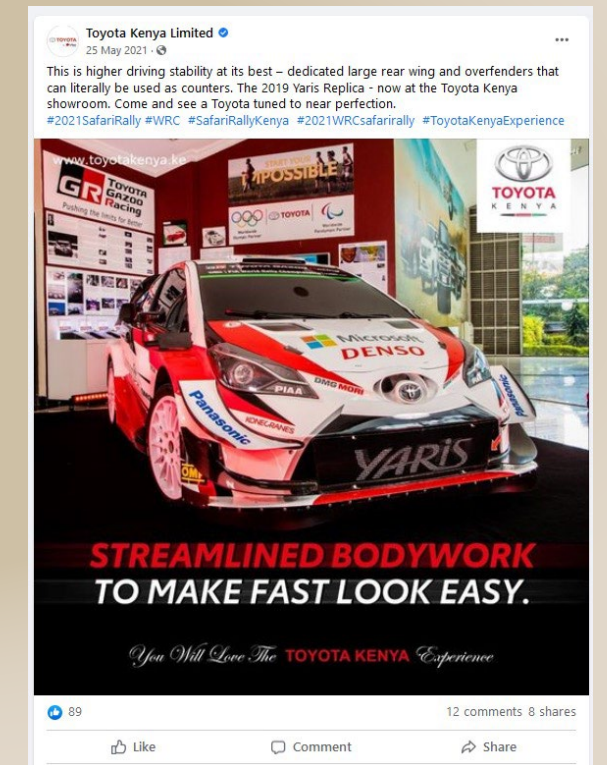

Brief?

Create an exciting Safari Rally campaign that:

- Builds online buzz through nostalgic storytelling
- Grows love for the Safari Rally brand with relevant content
- Drives showroom visits via the GR Yaris Replica & iconic '80s Celica

Result?

An engaging awareness campaign that sparked social media interaction, encouraged fans to share Safari Rally memories, and rewarded participation. The display of past rally cars boosted foot traffic to the TKL showroom and drove user-generated content online.

| Starlet Launch Campaign

Creative Rationale

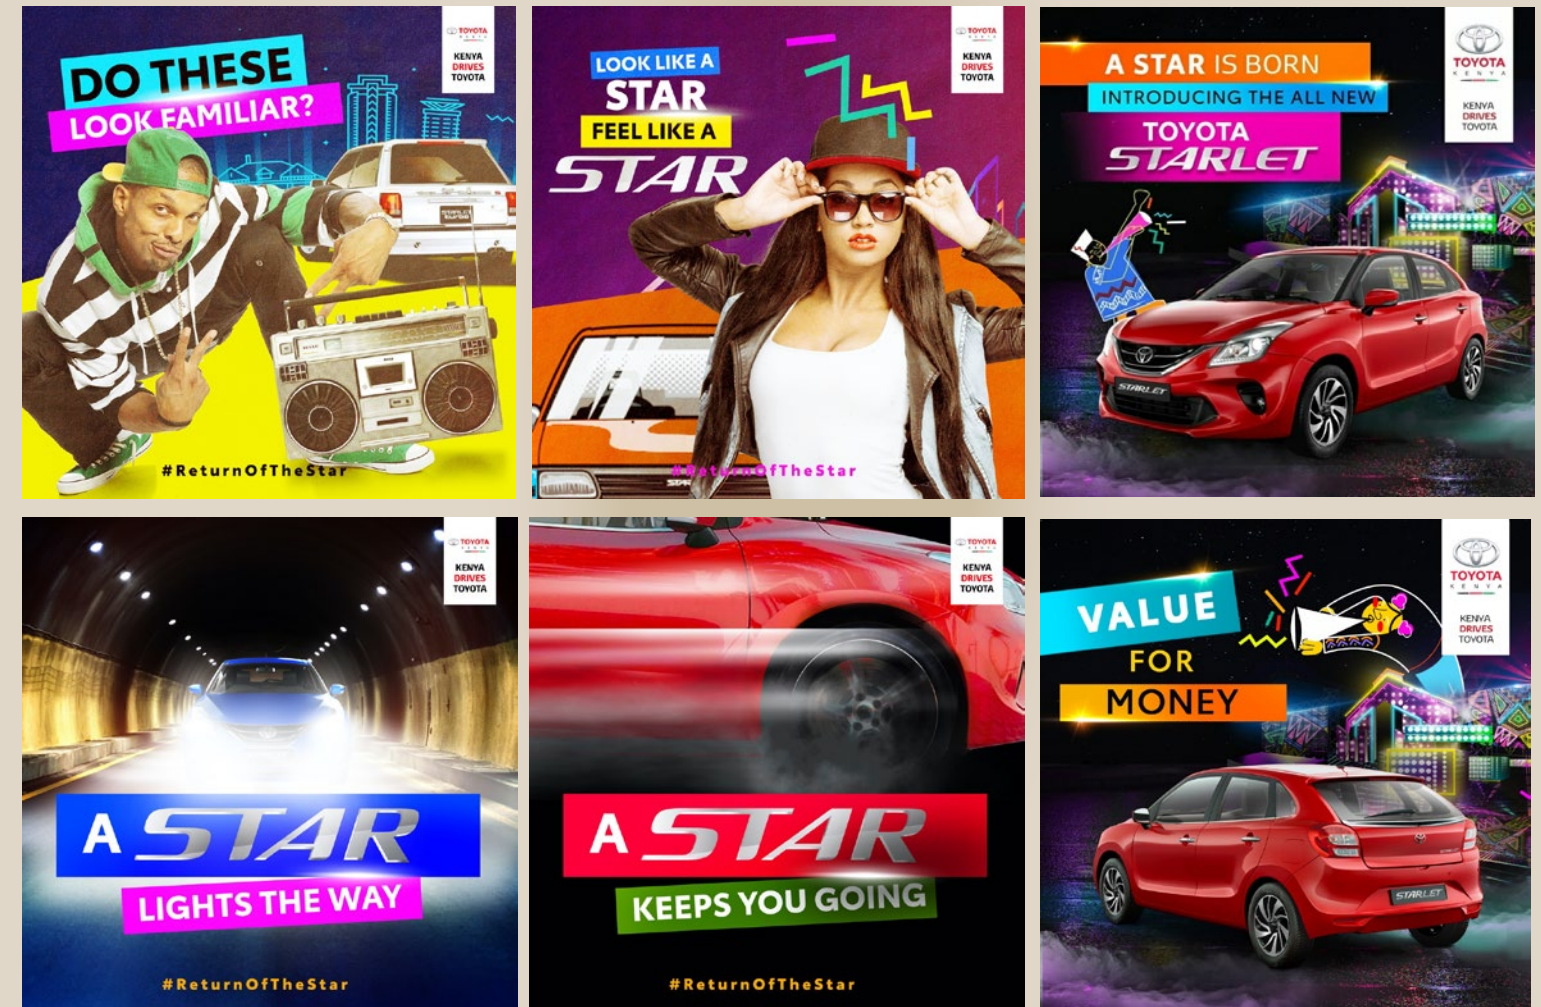

'Plus ça change, plus c'est la même chose.' - The more things change, the more they stay the same. - *Jean-Baptiste Alphonse Karr*

The Starlet was the car of the moment: box cuts, leather jackets, white socks, and a soundtrack of Hip Hop and RnB. From the 70s to the 90s, this ride defined swagger.

The aim of this campaign was not to bring it back, but to show how it never really left. Because while times and trends evolve, the feeling of being a star stays timeless.

The Big Idea:

What is a Star: A tease with posts reimagining "star" through the lens of the Toyota Starlet's features. Then, flip it to the audience, ask them to define what being a star means to them.
Old meets new: Blend nostalgia and now. Use retro fashion, throwback culture, and the bold attitude of a new generation to reignite the Starlet's legacy.

| Urban Cruiser Launch Campaign

Creative Rationale

City traffic's a mess; fuel efficiency isn't optional. The Urban Cruiser flipped the script: light on fuel, big on vibe.

This campaign remixed everyday drives with local slang, town pride, and street culture, turning the commute into a statement. Each town got its shine. Each drive, a little more fun.

Urban, efficient, and unapologetically local.

The Big Idea

URBAN REMIX.

| Shanga Show Teaser Campaign

Brief

At its core, "Shanga" unveils the untold stories woven into the fabric of cultural clashes, dreams, and the unpredictable dance of destiny.

Since the show is tied to fashion and the hurdles of life, we can tie the 2 together. Styled meaning, circumstances and events of life that are beating you down. Styled Up meaning, you taking charge of your life and presence to form/become someone you are proud of.
